# Brazilian start-ups to showcase smart farming tech

HUMA SIDDIQUI  
New Delhi, August 6

WITH A GROWING URBAN population and a growing need for food, Brazil can help ensure India's food security in a sustainable manner through the exchange of latest food processing and agriculture technology.

For the first time, four agriculture start-ups from Brazil will be in India this month to participate in the 10th edition of Agri-tech in Bengaluru.

The Brazilian start-ups including Agribela, Agronov, Scicrop and Termoplex will be participating in workshops with other Indian agri-techs in an incubator from August 31 to September 2.

Since both the countries are signatories to the "Strategic Partnership", both countries are trying to share their expertise, improve quality standards and technological know-how.

Speaking to FE, Pedro Ivo Ferraz da Silva, head of the energy, environment and science, technology & innovation section, Embassy of Brazil said, "The idea of getting these start-ups to participate in workshops here is to exchange information related to new technologies Brazil can offer to India for its agro sector."

"A pilot project for the start-ups in the agriculture sector has been started in Brazil and we ensure that these start-ups are successful and are given an opportunity to travel overseas for learning experiences," Silva added. Brazil is strong in pulse production and India requires pulse imports, so both countries are working together in achieving their individual targets.

# BAN ON LOUS/LCS House panel says RBI acted in haste

FE BUREAU  
New Delhi, August 6

A PARLIAMENTARY PANEL has said the Reserve Bank of India (RBI) has acted in haste on letters of undertaking/comfort in the wake of the \$2.2-billion fraud at Punjab National Bank was a "knee-jerk" reaction and suggested that such credit instruments be restored.

Some PNB staff at a Mumbai branch issued illegal LoUs/LoCs to jewellers Nirav Modi and Mehul Choksi, causing the biggest fraud in the Indian banking history, which prompted the RBI to stop these instruments that were widely used in trade finance.

"It's (banning LoUs/LCS) a typical case of throwing a baby along with bath water and it must be stopped," said a report by the Parliamentary Standing Committee on Commerce, headed by Rajya Sabha member Naresh Gujral.

It, however, recommended that adequate safeguards be built in the system to ensure LoUs/LCS can't be abused. The report, presented in Parliament on Tuesday, also called for necessary steps to simplify and streamline the processing of letters of credit (another such instrument that wasn't banned).

According to the report, export credit dropped 24.4% in the last fiscal and as a percentage of priority sector lending, it was only 1.74%. "The committee felt that such a decline in exports credit, along with discontinuance of the issuance of the LoU/LC, might not augur well for the future. In case of Nirav Modi and Choksi, these guarantees, issued fraudulently, were used by them to borrow overseas to fund imports.

The report said: "The committee is not satisfied with the justification proffered by the RBI for discontinuance of LoUs/LCS" and that the cen-

tral bank has perhaps not held enough consultations before banning these instruments.

According to the committee, the RBI said it was advised by Foreign Exchange Dealers Association of India (FEDA) to discontinue these instruments as "there was neither a standard format for LoUs/LCS nor a standard protocol, like the one prescribed by the ICC (International Chambers of Commerce) in respect of LCs (letters of credit) or documentary credit".

However, representatives of public and private sector banks, many of whom were FEDAI members, told the parliamentary panel that LoUs/LoCs were an effective instrument for raising short-term credit in foreign currency.

All banks unanimously endorsed the fact that they were not flawed, the report said. "Instead, these were means of raising cheaper

finance for trade."

The Department of Financial Services (DFS) had sought comments from the central bank on the impact of scrapping LoUs/LCS on credit costs of short-term foreign currency loans. The central bank, according to the panel, said there was no comparative reporting on the quantum or cost of trade finance through LoUs/LCS against other available avenues. Apart from traders and exporters, the DFS had in March urged the central bank to review the restriction.

Earlier, Federation of Indian Export Organisations president Ganesh Kumar Gupta had said the ban could raise the cost of trade financing instruments by about 0.5% to 1%. According to a report by India Ratings, total buyer credit for the top 160 importers was ₹33,100 crore in 2016-17, of which Rs 31,200 crore was to large importers.

# ED attaches 24 properties of Pavai Alloys

FE BUREAU  
Chennai, August 6

THE ENFORCEMENT DIRECTORATE (ED) has attached 24 properties of Tamil Nadu-based Pavai Alloys & Steel under the Prevention of Money Laundering Act, 2002 in a case of bank fraud. The value of the properties attached is ₹34 crore, according to a press release.

The CBI registered a case under Section 120B of the Indian Penal Code and accordingly filed a charge sheet against Pavai Alloys and its five

directors on November 13, 2017. Based on the CBI probe, a money laundering case was registered by the ED against the company and its five directors under the PMLA.

During the investigation, it was found that directors of Pavai Alloys had fraudulently availed of loans based on fabricated/fake balance sheet and defrauded Indian bank, the release said.

Ten immovable properties in Coimbatore and Namakkal districts in the name of the

director of Pavai Alloys were identified and attached under the provisions of the PMLA. These properties are valued at ₹23.50 crore.

The ED also identified and attached 14 more immovable properties in the name of the children of the directors. These are worth ₹10.50 crore.
